Gets New Engines

Mr. Matheson has just received
several new Gray motors which
figure prominently in his window
display. These motors are made
by a company of good standing in
the east and deserve the investiga-
tion of prospective buyers. A spe-
cial feature of the Model "T" is
the enlarged balance wheel and the
system of counter weights which
make it so well balanced.

There will be an ice cream social
at the Red Men's hall next Sat-
urday evening. A good program
is assured and everyone is invited.

SENTINEL CHANGES HANDS

With this issue I relinquish the ownership of The Sentinel to H. F. Dawes, a recent comer from the East, for whom I bespeak the continued patronage of the people of this region.

The two years I have spent in Wrangell have been very satisfactory as far as the financial end is concerned, and I have met some people here, the memory of whose friendship I shall carry with me through life wherever fortune may direct my footsteps. With some, I have not at all times agreed, but trust that whatever differences have existed, have been honest differences, differences of opinion which exist wherever men try to do their own thinking. But this I do say, that if it had to be done again, the course pursued would be the same.

It is with feeling almost akin to regret that I leave Wrangell. I believe it is awakening now to forge ahead into the forefront of the towns of southeastern Alaska, with a steady permanent growth that will bring wrosperty to all.

Wrangell is a good town viewed from a newspaperman's standpoint. It's merchants are good advertisers and its people are loyal supporters of a paper. My successor's experience as a newspaperman is limited but he is going to give you a good paper, and I trust that you will do your share toward that end.

RICHARD BUSHELL JR.

Do you think Bryan will let himself be stung again in 1912?

Alaska must be attracting considerable attention. Both Taft and Roosevelt have decided to visit us.

City Council Organize

On Monday evening, the newly-elected City Council met and organized for the ensuing term. The meeting was called to order by Mr. Worden at o'clock. The council elected Messrs. McCormack and Worden as temporary Chairman and Secretary and then proceeded to elect officers for the year.

Each nomination was chosen unanimously and were as follows: Mayor, E. C. McCormack; Clerk, J. F. Worden; Treasurer, L. C. Patenaude.

After his election Mayor McCormack made a short speech expressing his thanks for the honor given him and outlined briefly the work for the year.

The following committees were appointed in their order:

Streets and Public Properties, Nelson, Case and Wheeler.

Fire, Wheeler, Lewis and Matheson.

Police and Health, Lewis Wheeler and Nelson.

Finance, Weber, Case and Matheson.

Water, Matheson, Lewis and Wheeler.

The meeting adjourned after appointing a committee to provide new quarters for the council and setting the regular date of meeting on the first Thursday of each month.

Accident At Mill

Last Monday, Oscar Case met with a serious accident in the local sawmill. In some way his hand slipped against a saw and was badly cut. Although the wound is deep, none of the main arteries or tendons are cut and a speedy recovery is hoped for. The case was taken to Dr. Shurick and latest reports are favorable.

Oriental Mixup

On Monday evening about five o'clock our local pug, Capt. Jinks thought to wrest the title of Oriental Champion of Alaska, from Japanee Jack of Petersburg. The scene of battle was in front of the Sentinel office on Front street. Japanee Jack was the aggressor from the start. We have only one theory as to the superiority of the Petersburg man, and that is the training facilities of the Wrangell jail and of Marshall Collins' ability as a trainer. The commissioners court handed the Jap a four months term in jail.

News Items of the North

The Indian police service in southeastern Alaska will be resumed on July 1.

THE THIEF**

THE thief comes prepared—prepared to take your valuables. Carries the necessary tools. Is expert in their use. One of his tools is the revolver. In plain words, he is prepared to take your life. His deadly intent and expertness makes up for his revolver's awkwardness and slowness.

You have neither expertness or deadly intent. You cannot afford to stake everything upon a wrist-straining, trigger-flinching, slow-as-molasses firearm. Settle this matter to-day for the sake

of your family. Get the Savage automatic. The only gun that points straight, shoots true, fires fast, without practice. It is the only gun you can shoot straight anytime you pick it up. Ten shots, one to a trigger pull. Reloads a fresh magazine of ten shots in a flash. Our free book "The Tenderfoot's Turn," by Bat Masterson tells why you point the Savage instinctively true. HEALTH Costs Little

It requires but a few minutes each day to fortify the system against such dread diseases as Rheumatism or Bright's Disease.

Impaired action of the kidneys is the forerunner of these two diseases, and if prompt and effective treatment is not begun it often means either of the two.

The time required to take a few doses of

NYAL'S Stone Root Compound

and the cost of a bottle of it are a minor consideration when compared with the misery and expense associated with chronic kidney troubles, Rheumatism and Bright's Disease.
